## Dittrich Entry Takes Top Place In Spectacular Tin Lizzie Derby

In a grueling race over a hot, dusty track that had seen at least a half-dozen crack-ups during the afternoon Tommy Villetard, driving the Dittrich Men's Shop entry, took the Northern Alberta championship in Friday afternoon Model T race meet at the exhibition grounds.

**THE FIVE-RACE** meeting was sponsored jointly by the Edmonton Junior Chamber of Commerce and the Lions Club of Edmonton. It was attended by more than 10,000 spectators, with track officials reporting a paid admission of \$350. Mayor Harry Ainlay opened the events. He was accompanied on the platform by John McIntyre, retiring president of the Junior Chamber, William Paulder of the Lions Club, and A. G. Kirsling, Lions president-elect.

One driver was slightly injured in the afternoon. He was Cy Pyle, who crashed into the inside fence after having engine trouble. He was leading in the first lap of the third race when the accident occurred. He was given first aid by St. John's Ambulance Brigade workers and rushed to hospital, where he was detained overnight. He is thought to have suffered two broken ribs.

**THE SAME CAR** crashed in the day's opening race when the Globe Investment Company entry roared into the outside fence.

The first race of the day was won by Gordon Hasmussen, driving for Ailla-Chalmers Rummy Ltd. Second was Lew Girard, for the Rite Spot. Edmonton; third was Gordon Rutter of Precision Machine and Foundry Ltd., while fourth place was taken by Bob Villetard, driving "Smelt-

zer's Mustang."

Winners of the second race were Gavin Breckenridge, for Sorenson Bros. Lines; Don Braun, for the T. & B. Van Lines; Bill Dowley, North West Motors; Red Deer; and Bert Macdonald, Jerry's Ltd., Jewell.

Third race winners were: Villetard; Stan Reynolds for Silla Coffee Shop; Tommy Fraser, Reliable Motors; Standard, and S. G. Dallas, Tealor Coffee Shop.

Winners of the "soap box derby," in which home made "wagon cars" were pushed 75 yards by youngsters, were: Norman Godwin, 11, pushed by Irvin Bourke, 12, both of St. Mary's Home; Oscar Kruger, 12, pushed by Melville Hobbs, 12, pushed by Stan McLean, 10, pushed by Don Macdonald, 12.

**OTHER FEATURES** of the race meet included a motorcycle driven a 30 miles an hour through a wall of flame by Vic Bennett; and a weight lifting demonstration by members of the YMCA under direction of Maurice Howard.

Winner of the "Fat Man's Derby," in which entries weighing more than 225 pounds raced 50 yards to "tin lizzies," marked on the track was "Dutch" Lyons. T. G. Derrington came in last. Lyons was presented with the "fat man's" trophy.

Track Marshal was Gordon Smeltzer. Vern Sudd was flagman and starter, while Judge was Jim Kellas. Doug Thompson, Gordon Sorenson and Dirk Thompson.

The Edmonton Schoolboys Band, under the baton of T. V. New, provided intermission music. A silver collection, taken to assist the band, forthcoming trip to Vancouver, netted \$200. Members of the Sea Cadet Corps were ushers.

## U.S. Railway Strike Felt in Edmonton

Effects of the rail strike in the S.A. were being felt by some businesses in Edmonton, it was reported Saturday. Fruit dealers and the railways are probably the first to be affected with the hold-up in rail shipments.

Carloads of fruit destined for Canada which were not north of the border before the strike came into effect are now stranded on sidings in the U.S. The main fruits being held up are watermelons, bananas and oranges.

Canadian Pacific railway officials here report that they are not withholding sale of tickets for passengers to the U.S. but they do require purchasers to sign a statement testifying that they fully understand the railway conditions in the U.S. and the "probability of no service" and that the passengers, if delayed are responsible for their own maintenance.

**SPEEDERS COLLIDE**  
Keith McDonald, 11244 126 street, CNR chairman, and Ed. Pomerleau, Tawatinaw, CNR section man, were under treatment for back injuries in the Royal Alexandra hospital Saturday. The injuries were suffered when the railway workers they were operating collided head-on near Tawatinaw, 55 miles north of Edmonton, Friday.

## WINS "TIN LIZZIE" CLASSIC

Crashing through the finishing line with plenty of yards to spare, Tommy Villetard is seen at the top as he drove his Dittrich Men's Shop "tin lizzie" into top place to win the Northern Alberta championship at Friday afternoon's T-Model race meet at the exhibition grounds. The winner is shown below.

## Italy Bread Crisis Is Seen in June

ROME, May 25.—(UPI)—S. M. Keeny, UNRA chief in Italy, said today Italy will face a bread crisis immediately after the election June 2 despite June UNRA shipments of an estimated 150,000 tons of grain. Argentina will send 100,000 tons of grain to Italy by direct shipment to Italy, Keeny told the United Press. Ships from Buenos Aires are scheduled to arrive after mid-June at the height of the crisis.

## Some Furniture Ceilings Raised

OTTAWA, May 25.—(UPI)—Ceiling increases in the price of certain types of metal beds and furniture, ranging from 10 to 12 1/2 per cent, were announced by the price board Thursday. The board said the increases were made necessary by rising operating costs of the furniture industry and by a reduction of subsidies paid on raw cotton.

## Seamen's Union Is Out on Strike

TORONTO, May 25.—(UPI)—The Canadian Seamen's Union announced early today that a strike was in effect against vessels of the Canada Steamships Lines. The seamen's union previously had announced that a strike of union members on all lake and coastal shipping would start June 1 in the union's demand for an eight-hour day, as contrasted with the present 12-hour shift.

## BUILDING PLANS

Building plans of Canadian Fairbanks Morse Co. Ltd. in Edmonton, will be under discussion during the week-end, following the arrival here Thursday of G. M. Niven, Montreal, vice-president in charge of Canadian operations for the company and H. L. Mathews, Winnipeg, general manager for western Canada. They will confer with Philip McGarvie, Edmonton branch manager.

## U.S. Rail Strike

(Continued from Page 1)

Truman's compromise offer of 18 1/2 cents an hour for the present.

**THEY SAID** that the 18 1/2 cents increase was unacceptable because it "would deprive us of the seven rules. That's the emergency fact-finder" board.

"Our men await only your word that they can return to work for the government on the basis of the award of your emergency board," the letter said.

"In returning to work on this basis, we know that we can rely also on your fairness and goodwill to keep the door open to further consideration of those differences regarding working rules changes which apply to the membership of our two unions and in which the non-operating rail unions have no interest," the letter said.

WASHINGTON, May 25.—(UPI)—President Truman today directed the breaking-off of further government efforts to mediate the rail dispute with striking unions.

**AT THE SAME TIME** he began efforts to reach an agreement with the other 18 non-striking rail brotherhoods.

A presidential announcement said these negotiations started by Dr. John R. Steelman, were on the basis of the president's compromise proposal for a wage increase of 18 1/2 cents an hour with changes in working rules to be deferred for one year.

The president's announcement followed only a lukewarm response by railroad employees to his appeal that railroad employees return to their jobs.

**THE READING RAILROAD** said that Philadelphia (Pa.) and several yard crews reported for work in response to the president's plea. The New York Central said a "few" striking workers promised they would report.

The Pennsylvania, largest railroad in the United States, said only one trainman had returned to work up to 10:30 a.m.—an engineer who took the controls of a

New York-bound train leaving Washington.

There were no early indications that New York City and the railroad workers were heading Mr. Truman's ultimatum.

**MOST READERS** were polling their employees in an effort to learn the response to the return to work plea.

Mr. Truman's ultimatum was that the strikers did not return to their jobs by 4 p.m. CDT, today the army would take over the trains. As Mr. Truman delivered the ultimatum in an address last night troops were being moved to "strategic locations" in anticipation of orders for protection of workers obeying his request to return to work.

**THERE WAS NO** definite indication of the immediate reaction to the strikers to the president's back-to-work appeal. However, early reports from locals of the striking Brotherhoods of Engineers and Trainmen in Buffalo, N.Y., Kansas City, and Houston, Tex., were that the plea would be ignored.

There was no comment from Alvan Johnston and A. F. Whitely, presidents of the engineers and trainmen, respectively, after they had listened to Mr. Truman's radio speech. The president, who charged they were responsible for the strike, directed his back-to-work appeal to the union rank and file.

**THE PRESIDENT** said that the effects of the strike were widespread, creating shortages in fuel and raw materials and threatening to bring chaos to food distribution. He asserted that the country's welfare must come first and that the service is not resumed immediately thousands will starve.

Service on 227,335 miles of tracks in the United States was slowed to a trickle as the office of defence transportation struggled to mobilize all non-rail transport facilities.

Meanwhile Senator Claude Pepper (Dem., Fla.) declared after a post-midnight conference with Mr. Whitney that he believed the union would be willing to end the strike immediately under an interim agreement with the government as operator of the railroads.

**SENATOR PEPPER** said he was sure the workers would restore train service if:

1. "Any permanent working conditions or benefits they might later work out with management in exchange of those enjoyed during government operation should be made retroactive."

2. "If rule changes awarded by the emergency board are awarded by the government during government operation, and the government further allows reasonable wage increases."

**THE WALKOUT** by the 250,000 engineers and trainmen late Thursday also made idle an unestimated number of the 1,200,000 members of the 18 other rail brotherhoods.

The American Association of Railroad termed the strike nearly 100 per cent effective. The 18 unions and the carriers accepted President Truman's compromise proposal of a 18 1/2-cent hourly wage increase,

but the engineers and trainmen rejected it.

The strike brought further shut-downs to industrial plants and continuation of the walkout threatened virtual closing of steel mills and coal mines and hundreds of factories.

**THE AUTOMOBILE** industry faced virtually complete suspension of car assemblies early next week.

Railroad terminals throughout the country were nearly empty but bus stations and airports were jammed by commuters and travelers.

Movement of thousands of cars of perishable food was halted and shipment of grain from farms areas stopped. President Truman in his speech asserted that 100,000 tons of grain were being held up by the strike.

In many cities, food supplies dwindled and there were many reports of heavy buying.

## Produce More Coal

Alberta miners produced 59,600 tons more coal in April, 1946, than for the same period in 1945, according to the mines branch of the provincial department of lands and mines. Of this was from the bituminous fields and the remainder was the increase in production of other types of coal. The total production of coal in Alberta was 648,641 tons in April this year.

## BACKACHE The Plague of Outdoor Men

The outdoor man, whether he be farmer, truck driver, or railway operator, is often subject to backache. This may be the result of exposure to cold and dampness or the result of strain from the jolting and bumping of the vehicle he rides.

To many people, women as well as men, it would be great to be free of backache—one of the most common and annoying of ailments. And here is how you may be relieved of backache and other symptoms of poisons in the blood.

## Appeal Launched For Fire Victims

Subscriptions to the fund started by Mayor Harry Ainlay to assist the 10 families, several of them old age pensioners, who lost all their belongings in the fire which destroyed the Western Apartments on Saturday last are coming in slowly but the total is still far short of the \$10,000 approximately needed to tide the families over their crisis.

Mayor Ainlay appealed Saturday to Edmontonians to send in their subscriptions as soon as possible, and he hopes that the small amount needed to re-establish these families will be subscribed by Wednesday next. He said that a speeding up of the flow of subscriptions was necessary to prevent further hardship.

## Price Policy

(Continued from Page 1)

Control period of 1941-1946 differed entirely from that shown to primary producers and wage earners.

"The level of farm prices has risen 44 per cent since the basic period in the fall of 1941, not including wheat participation certificates which would add several more units per bushel," said "But with regard to the great range of commodities in this country the price ceiling has been very rigidly maintained."

Mr. Halsey made a vigorous defence of the work done by the prices board in administering price control.

"COMPARED to any price control agency that you hear about in any other country the price control agency in the Dominion of Canada is a recognized within this country and out of this country as being as conscientious, as competent as resolute and as efficient as anybody could be," said Mr. Halsey.

protest. "This strike vitally concerns the well being and the very life of our people."

The president referred to A. P. Whitney, head of the Brotherhood of Railway Trainmen and Alvanley Johnston, head of the Brotherhood of Locomotive Engineers.

These two, he said, rejected his proposal to compromise their differences with the railroad operators when the 18 other brotherhoods accepted it.

"I assume that these two men know the terrible havoc that their decision has caused and the even more extreme suffering that will result in the future," the president declared.

**THE PRESIDENT**, in appealing to the workers themselves, went over the head of their two leaders. Expressing doubt that the rank and file knew all the facts, he said he was telling them now in person.

He declared Messrs. Whitney and Johnston had refused his request that they meet with the operators and the other 18 brotherhoods "in a joint conference in the office of the president of the United States," and required the holding of three separate conferences. Explaining that 18 of the brotherhoods had accepted his own compromise recommendations, the president declared "they placed the interest of their country first."

**THE PRESIDENT** deplored the strike's potential effects on shipments of grain abroad, where it might mean a difference "between life and death to hundreds of thousands of persons."

**BANK CLEARINGS**

Bank clearings through the Edmonton Clearing House for the week ended May 25 amounted to \$11,574,952 as against \$9,058,778 for the corresponding week of last year.

## Advancing the Price

# 2c Per Quart

**Dominion Government Announces Discontinuance of Milk Subsidy**

An Announcement has been made by the Dominion Government that the consumer milk subsidy of two cents per quart will be discontinued as from June 1st.

This will mean an advance in the price of milk of two cents per quart on June 1st.

This advance brings the price of milk to that in effect prior to the introduction of the Dominion Government subsidy on December 16th, 1912.

On and after June 1st it will be necessary to add 2 cents with your ticket when purchasing a quart of milk.

Neither your Dairy, nor the Farmer-Producer benefits in any way from this price increase. It simply means that the Dominion Government eliminates one more war-time subsidy.

## Where Are the Pioneers?

At its convention in Quebec city the Canadian Legion rejected a proposal that it favor keeping German prisoners of war in Canada for labor purposes.

At the same sitting the Legion instructed its rehabilitation committee to make still stronger a report in which the committee said it was "disturbing" that thousands of young men in Canadian cities are drawing unemployment benefits while British soldiers are in lumber and mining industries remain to be filled.

The report went on: "It suggests that as a nation we are becoming enamoured with the comforts of the city and that the pioneer type is dying out. . . . For years to come Canada will be dependent on the pioneer and frontier type of citizen for the development of her resources. . . . We need a resurgence of the pioneer and adventurous spirit that opened up the country. The Legion should help develop a self-reliant type of citizen who is alive to the opportunities and responsibilities of Canadian citizenship."

This is getting down to fundamentals. On both points the Legion put into words what Canadians generally should realize, and what most of them must see in degree.

Nobody particularly wants men who served in the ranks of the enemy kept in Canada, except to fill in where other labor is not available. The southern lumber growers, who asked that some hundreds of German prisoners be allowed to work in their fields this summer, added in their submission that these are only twenty per cent efficient as compared to free labor. In Manitoba likewise the choice was prisoner field workers or no beet crop.

It is to be feared the Legion is right in saying that the pioneer spirit is dying out among Canadians and the adventurous impulse growing faint. No doubt the Legion can explain the paradox of idle men in the cities and unfilled jobs in the lumber woods, in the mines and on the farms.

The committee was undoubtedly right in saying that the future of Canada, and the welfare of every one in Canada, depends upon the young men and women catching the urge which sent their fathers and mothers out to the frontiers and beyond them, to develop resources, create wealth, and establish communities in the wilderness.

It is because that urge is lacking that German prisoners of war are being allowed to stay in the country. They are doing kinds of work which Canadians do not choose to do, but which have to be done if stagnation—and another depression—is to be averted.

## Canada's Air Monopoly

From one end of Canada to the other there is a growing resentment against the High-handed tactics of the Canadian Broadcasting Corporation.

The CBC has refused the governments of Saskatchewan and Quebec the right to establish or purchase provincial stations. It has refused to connect by line to the Alberta department of telephones for the long-established station CKUA. It is endeavoring to take over station CKY at Winnipeg and CKX at Brandon, both owned for many years by the Manitoba telephone system.

And now the CBC has gone even further by attempting to seize the wavelengths of CFRB Toronto and CFCE Calgary so it may have clear channels for two of its proposed new high-power transmitters.

It is no wonder the Hon. W. A. Fallow, minister of public works and telegraphs, charges that the Canadian Broadcasting Corporation seeks a complete monopoly of the air waves in this country.

And both press and public are beginning to wonder in very audible tones just why the people of Canada are asked to pay an annual license fee to an organization which profitably competes in the advertising field when it was stated the CBC—free from advertising. The BPC system is admittedly the best in the world.

## We're All in This

The Government of Alberta has adopted a policy of granting of absence to civil servants attending annual training of the Reserve Army. The leave is one week without pay, in addition to the civil servant's three weeks' holiday. The fourth week's loss, of course, is partially balanced by Reserve Army pay allowances. For the present, annual Reserve training is of two weeks' duration.

Whatever disillusion Canadians may have undergone during the war, with respect to Canada's vulnerability, has been emphasized, strangely enough, by the shapes of things which came with "peace". Hence, at no time has the public been so defence-conscious; not even in the high-tension days of 19 and 20 when we had still not recovered from the scare of the Great War.

Given a realistic view on the public's part, given the co-operation of employers, what of the ordinary citizen? He is the one who makes sacrifice of his leisure hours, and it may as well be admitted that a man

has to be pretty keen to donate his annual holiday to his country, not once in a while but every year. This has been circumvented by the Alberta government's allowing the civil servant-reservist an extra week which enables him to attend annual training with his regiment, and still enjoy two weeks holiday of his own.

The Alberta government's practical patriotism could scarcely have gone farther. Part of its value is in its example to other employers. But that is not all. If employers are willing to bear the inconvenience of so many lost man-hours in their plants, what are others prepared to give? In the last analysis, the nation's security is in the hands of the citizens. Are they willing to do their part?

## Time for a Change

Washington has decided that the time has come to end the occupation interlude, tell the Axis countries what exactly are the terms to be imposed upon them, and return them the responsibility for feeding their people, repairing war damage, and charting the future courses—within limits which will prevent them again menacing the peace of the world.

This is to be assumed from the statement of Mr. Byrnes that unless treaties are made in the meantime he will urge that the whole question be put on the agenda of the United Nations for the September meeting. Apparently Britain and France are in substantial agreement with the view that the armistice should be ended and replaced by formal treaties.

Whether Russia will go along with its Allies may be seen when the Big Four conference resumes discussions on June 15th. It refused to do so at the sessions just ended. That is the more strange because a few months ago Moscow was insistent that the treaties be prepared in advance and the Axis states then invited to sign on the dotted line.

If the Allies are to set the peace terms, this is obviously the proper course. But, for the moment, Mr. Molotov took a different line in the recent conference at Paris. There he blocked every attempt to get ahead with the work of drafting the pacts. The only conclusion from this is that Moscow changed its mind and now wants to drag out the present situation indefinitely.

This new attitude may suit Russia's plans. It does not accord with the legitimate interests of the Democracies. These are carrying the load of feeding and taking care of three-quarters of the people of Germany—and all the people of Italy. There is no conceivable reason why they should continue to play the role of providers and trouble-shooters much longer.

These nations, which were strong enough to defy the world to combat, are strong enough to tackle the Axis. They are not cities and their economies. But they won't do it in any serious way so long as they can sponge on the Democracies.

One encouraging fact is that the operators and strikers agreed readily to the appointment of a conciliator in the British Columbia lumber and pulp deadlock. Now if they will just accept his recommendations.

## Lewis and the Miners

By Dorothy Thompson

Exclusive to The Edmonton Bulletin  
Miners' Welfare Commission, a chairman and nine members will be appointed by the Minister of Fuel and Power instead of the board of trade, and the minister can appoint anyone he deems fit.

THESE FACTS, with which Lewis is familiar, preclude any analogy between his proposition and the British system. Lewis wants a fund 10 times the size of the British, raised by a levy on pay rolls, and turned over for exclusive administration to his union, with representation of neither management nor public.

The British see the logic and justice in the point that a fund largely paid by the public as consumers and which puts burden on owners should not be administered by an organization which has no responsibility to either.

foreign life which is forever Canada. And so those men were laid down beside their comrades to sleep until the end of time in earth which their dust will make indeed "forever Canada."

The last thing they would have wanted would be to be brought back. They wanted those who survived them to remember the good and forget the bad.

TO BRING HOME Canada's war dead would probably cost more than \$10,000,000. If they could speak they'd remind us that there are far better ways of using that much money than by disturbing the graves of men to whom the peace of death was a welcome release from the turmoil which marked their last days.

They'd want to know if their wives and children, and their mothers and fathers, were being looked after properly. They'd want to know if their children were being given proper care and fair educational opportunities.

YES, WE should show our respect for our war dead and the loved ones who were left to mourn alone. But the way to show that respect is by keeping faith with them by building the better world they bought and paid for—not by moving their remains.

The Canadian government has turned thumbs down, to date, on every suggestion for bringing our war dead home.

I think they are right, and I am sure most service men will agree with them. I know that any servicemen I have discussed this question with were opposed to bringing our war dead home.

The first objection, of course, is that you can't bring them all home. The second objection is that no possible good purpose can be served by bringing them home.

### Leaving Aklavik, Residents Honored at Midweek Function

AKLAVIK—A tea in honor of local residents leaving Aklavik for the "outside" this summer, was held Thursday at the home of Mrs. George Chapman, Mrs. Kirk, wife of Insp. Kirk, RCMP, and Mrs. D. J. McNeice poured tea.

Among the guests were Mrs. R. Hayward, who will join her missionary husband in China; Mrs. D. B. Marsh who will visit her home in England; Mrs. Douglas, Mrs. Hasting, Nurses Powell, Bech and Brooke and others.

### Couple Honored

OLDS—Joe Jackson, who is retiring after many years of service to the school, and Mrs. Jackson were honored recently at a farewell gathering held at the school of agriculture. Miscellaneous shower was held at the home of Mrs. C. W. Street in honor of Mrs. Walter Hanson, recent bride. Mr. and Mrs.

Fred Jenner left this week to make their home in Red Deer. An army veteran, Mr. Jenner was a garage proprietor here. A two-hour show by the Calgary Motorcycle Club will feature the sports program arranged here for May 24 holiday.

### To Visit Denmark

CAMROSE—Mr. and Mrs. Richard Pedersen and son Harold have left to visit their homeland, Denmark. Mr. Pedersen is the owner of Dick's Garage and Machine Shop in Camrose. A group of women from the newly-formed Hilder GORP lodge participated in the 14th birthday celebration of the Camrose lodge. Mrs. Harry Cassidy, Camrose, presided.

### Objective Reached

## Russia Is Expected Work Toward Peace

Two definite reasons why the world may hope for Russia's co-operation in peace were outlined by the Rev. Willard Brewing of Toronto in his address to delegates of the Alberta Conference of the United Church of Canada at a conference banquet in McDougall United Church Thursday evening.

THE FIRST REASON, the surrender of Russia's dreams of world revolution which reached the final stage with the exile of Trotsky in 1927.

In the second place, Dr. Brewing said, "Russia's past gives us assurance of peace." He pointed out the kinship of ideals between Russia, Britain and the United States and mentioned Russia's sympathy in the Ethiopian crisis and her sentiments about Franco Spain.

Speaking of the United States' relations with Russia, he pointed out that both nations were children of revolution and both sworn to rapid progress.

There are possibilities of war, Dr. Brewing said. "It will not be a war between the peoples of these nations, not even of the governments, but between groups within the nations."

HIGHLIGHTS of Friday sessions of the meeting were addresses by Dr. T. Hart on home missions work of the church and a mock trial conducted during the evening by Dr. D. G. Midout, Toronto.

Mrs. F. E. Graham gave a report on the deacons order and women workers. A report on the Women's Missionary Society was delivered by Mrs. Fred Miller, and Mrs. R. C. Fraser outlined the year's activities.

## See Baseball Film

Members of the Rotary club at their Thursday noon dinner meeting in the Macdonald hotel viewed a film which recorded the 1944 world series baseball playoff. An all St. Louis series, the Cardinals won out over their American League city rivals in six games. The film opened with an introduction by Connie Mack, manager of the Philadelphia Athletics, in which he dedicated the film to members of the fighting services. Three officers of the Edmonton Baseball League, John Ducey, Riley Mullen and John Beatty, were guests at the dinner. Jack S. Marshall was chairman of the day.

## Group Will Form Community League

Decision to form a community league was reached by residents of the Boyle street district who met Wednesday night in the Bissell Institute. The Rev. J. T. Stevens has offered the use of the Bissell Institute in the community league free of charge, in order that they may hold meetings. A membership committee was elected with S. J. Truscott as chairman. Thursday, May 30, another meeting will be held in the institute for the purpose of electing an executive.

## TODAY'S MESSAGE

### Christ in The World

SPIRITUAL writers tell us that the personality of Christ was so captivating that great crowds would remain with Him for days, just to be near Him. St. Mark wrote that "the mass of the common people like to hear Him." The sick and lonely came that they might enjoy the solace of His kindness and compassion. Mothers brought their children to receive His blessing, and even sinners were welcome to sit at table with Him if they so desired. There were no closed doors to Christ.

It was often said that those who came in contact with Christ could never be quite the same again. When He spoke, it brought music to the ear, joy to the heart. The world itself seemed changed, because Christ had revealed the Kingdom of His Father, which was to be theirs if they but chose to follow the path of His Love.

It is two thousand years since humble ordinary men could feast their eyes upon the beauty of the Nazarene, and feel the inward prompting of His message. But to those who have the eyes and ears of faith, the Savior is as much in the midst of men today as when he walked by the shores of Galilee. He is still a witness to their needs; He still yearns to shower His consolation and blessing upon all who invoke His name.

This is a time to remember this simple Christian truth, so often forgotten by a restless, unhappy world. There are many whose hearts are heavy with despair; others who lack strength and courage in the fight against evil. There are many who mourn and have not the consolation of faith to sustain them. To all such—indeed to all men, good or bad—who need Him, there remains the abiding reality, if they will but seek it, of Christ, who is "the same, yesterday, and today, yes, and forever."

## Lutheran Church Seeking \$10,000,000

An appeal for \$10,000,000 has been launched by the Lutheran Church to alleviate suffering caused by the war in Europe and elsewhere.

The appeal is world-wide and all donations are asked to be sent to the treasurer of the congregation of the various churches. Articles of clothing will also be gathered together in the churches for shipment.

THE FUND WILL BE used to help rebuild the devastated churches, pay salaries to those who are to go among the suffering masses of Europe to give aid, and to set up places that can offer as much relief as possible.

In 1939 there were \$6,548,583 Lutherans in Europe, the largest number, 33,774,754 being in Germany. Officials state "at stake is the very existence of half of the

Lutheran Church. Never in all of our history have we had to fight so for our lives."

Also to receive aid from the campaign are the "orphaned missions," which means those of the Lutheran churches of Norway, Denmark, Finland, and Germany, cut off from the mother societies during the war.

### Close Tilt

A pair of unearned runs in the seventh eventually gave the Eskimos a 2-2 tie with the Cardinals in the Victoria Day senior baseball fixture at Renfrew Park.

Over 2,000 fans viewed a tight checking session in which Morrie Hawkey and Marvin Miller for Ken Samir. Cards held a "light edge" over Billy Lupul who went the nine-inning route for Bert Culver's club.

HAWKEY WORKED five innings for the Army and Navy names only two Eskimos got on the paths. Valenti drew a walk in the second and went all the way to third on Frank Finn's out. Latiff to Lane, who sent the nine-inning route for Bert Culver's club.

Then with two out in the fifth, Price collected a second hit off Morrie Hawkey and Lupul followed with a safety into left field, sending Price into the lead. The count at that time was two up, two down, one out. Then with two out in the fifth, Price collected a second hit off Morrie Hawkey and Lupul followed with a safety into left field, sending Price into the lead. The count at that time was two up, two down, one out.

MILLER, who TOOK over in the sixth, gave up only two hits, one to Valenti in that inning and another to Flores, whose single in the seventh sent Price in to give the Eskimos the lead for the first time.

Eskimos scored twice in that heat. Finn going to second when Horton let what should have been the first out, got for a two-base error. Finn went to third on a throw from Donald's infield out (O'Connor to Lane) and came home when Lupul's double ball went through Harry Ornest at second. All three Card errors were in that inning.

BOTH OF THE Cardinal runs were earned. Successive doubles by Dick Latiff and Dan Horton brought in one in the fourth inning. Horton's single and stolen base ahead of Dave Brockie's drive into left field with two down in the seventh, dead-ended the count at 2-2.

Latiff had four assists at third without a slip, one of them robbing Art Flores of what looked to be a clinch hit just inside the bag. Brockie, who had been in the lead for nine fielding chances and came through flying, in addition to collecting two of the five Eskimo hits.

## Record Crowd in Attendance On First Day Calgary Races

CALGARY, Alta., May 25.—Calgary's largest crowd to ever attend a race meeting turned out for the first day of the season, Friday afternoon, to welcome the beginning of western Canada's long eighty day season of the sport of kings.

More than 12,000 thronged Victoria Park to witness Ross and Goodman's Noble King score an upset triumph over the favored Mary Mahone in the Victoria Day Handicap at six and one-half furlongs. Mary Mahone, a five-four choice, opened up a commanding lead but faded in the drive to finish second, beaten three-quarters of a length. Koroway closed strongly and a photo-finish was needed to decide Mary Mahone had lasted long enough to save the place.

Alto Haller was suspended for five days for rough riding aboard Hagen Pagan in the opener.

K. and K. Stable's Yorkton gave notice that she will be the third in the Alberta Derby when she won the third race — a five furlong sprint for three-year-olds. She came from off the pace to beat Withersby by half a length.

Favorites to get down in front were Saradamin, the K. and K. entry, Plucky Jake and Sum Tam. Sum Tam won the nightcap for Mrs. T. Briggs and was claimed by J. F. Neel of Vancouver for \$800. The quinella of Sum Tam and Camp Spur returned \$11.70.

Leading riders were Vic Bovine and Alex Haller with two wins each. The total of 12 races and McKenzie each had one triumph.

One pound of salvaged fat makes five pounds of toilet soap.

## Sacred Heart Wins In School Sports

Sacred Heart won the senior championship, St. John's the intermediate and St. Patrick's the junior honors at the Separate school sports meet at Clarke Stadium Thursday.

The Sacred Heart combination picked up 16 firsts, 15 seconds and 11 thirds for a total of 42 points. St. Anthony's was second with 48, Grandin third with 42 and St. Edmund's fourth with 21.

## Rail Strike Hits Major Ball Clubs

WASHINGTON, May 25.—(AP)—The railroad strike and government priorities stalled on the use of airplanes last night threatened to cramp the traveling style of big league baseball teams.

Some of the teams last night, they may play back with the baseball schedules, an office of defense transportation official said.

"The teams may have to travel by bus. It all depends on how serious the conditions become, but it is encouraging more travel by bus, and that includes sports and entertainment groups."

## RCAC Aces Beat Swifts by 8-1

# South Side Cuts off Rally, Lanier Is Latest Turning Back Calder 12-10

CNR-Calder staged a six run upsurge on four hits and five errors in the seventh inning Friday evening when trailing 12-4, but South Side just managed to cut off the rally and continue on to a 12-10 victory in the Edmonton Junior Baseball League.

Paul Martell's South Siders had built up what looked like a safe 12-4 margin through a five run rally in the first inning, a run in the second and a six-run scoring spree in the fourth, but even the margin of eight began to shake before the winners were able to retire the side in the seventh.

VERNON O'CALLIHAN, captain on the mound for the South Siders and was only in serious difficulty in the seventh when Martell's Stewart came to his rescue in Calder's big inning. Lou Hatt sent three chasers to the mound, but couldn't stop South Siders who came through with 14 hits. It was South Side's second straight win.

## Plan to Review Airways Rates

Air passenger and express rates in the north and northwest will be probed by the federal air transport board at a meeting in Dawson City next week at which Air Vice-Marshal A. Ferrier and J. P. R. Vaehon, will preside.

The sitting has been called at the behest of Commerce Chambers of British Columbia and the Yukon Territories.

Board members were in Edmonton Saturday, planning to leave for Dawson City Monday by air.

After the sitting at Dawson City they plan to tour the Yellowknife and other areas of the North West Territories.

Mr. McDonald will preside as Board representative in Edmonton on June 3, when applications for commercial air licenses will be received.

## Residents Enjoy Empire Holiday

Persons who predicted that "it always rains—or snows on the 24th of May" were happily disappointed on Friday—and stary eyed youngsters and young in heart rejoiced for the day dawned clear, warm and cloudless. The weather held good and Empire Day was an unqualified success.

It was an invitation to be outside and thousands of Edmonton people accepted the invitation. Swimming pools were crowded and golf links and tennis courts were crowded throughout the day. Some lawn bowling greens were being used, though other are not yet ready for play.

Motorists, motorcyclists and bicyclists viewed the country.

Many spent their hours in the sun strolling through the streets of the city, visiting with friends, while others packed picnic lunches and hid themselves to parks or for long hikes along the banks of the river.

Traditionally May 24th is the day for finishing up the planting of the potatoes, the rest of the garden should have been done before this—and many spent the warm afternoon hours bent over a hoe.

Sports events took place in various athletic stadiums throughout the city, in addition to the scores of pick-up games of soft-ball on vacant lots.

The stampede at Jasper Place drew a large crowd of devotees of sportsmanship.

Gyro playgrounds opened for the season and attracted large crowds of youngsters.

**Corps Association To Parade Sunday**

Annual church parade of the Edmonton Branch of the Canadian Corps Association will be held on Sunday, at All Saints Cathedral.

The Rt. Rev. W. F. Barfoot, Anglican bishop of Edmonton, Corps Association chaplain, will conduct the church service, which starts at 2:45 p.m.

Corps members will rendezvous at the Masonic Temple at 2 o'clock, with the fall in at 100 avenue and 103 street at 2:10.

## For Your Record, Jot This Down!

Costs are rising resulting in a corresponding jump in replacement costs. Are you fully protected in case of fire?

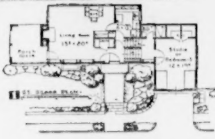

Don't risk loss. Bring your policies up to date. We'll be glad to go over them with you with no obligation to you, of course.

**DAREDEVIL CLOWN TO LEAP FOR LOVE!!**

By LOIS LANE & CLARK KENT

CLARK KENT: THE MAN WHO SAVED THE WORLD FROM THE EVILS OF THE DARK AGES...

CUTE YARN! SO THIS LITTLE GUY, WHO'S NEVER EVEN BEEN LIP IN A PLANE BEFORE, IS GOING ALOFT IN A CIRCUS STUNT PLANE AND JUMP!

I CAN'T HELP ADMIRING HIM. HE MAY BE SCARED, BUT HE WON'T BACK DOWN.

EVENING... WITHIN THE TENT HOLDING THE STUNT Flier's SUPPLIES...

THAT BLASTED CLOWN! CARLOTTA'S STARTING TO TAKE HIM SERIOUSLY! THIS'LL ELIMINATE AN UNWELCOME RIVAL... FOR KEEPS!

NEXT AFTERNOON... A LARGE CROWD HAS GATHERED ON THE CIRCUS GROUNDS TO WATCH SADFACE'S MUCH-BALLYHOODED DEBUT AS A PARACUITIST...

GOOD LUCK, SADFACE?

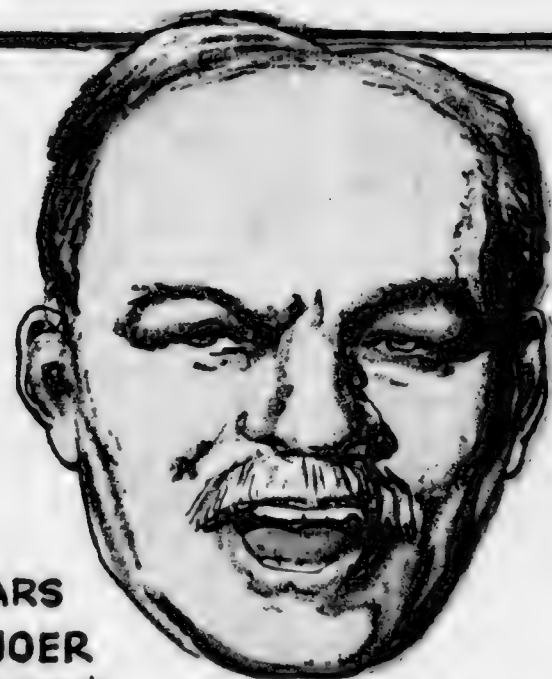

HE'LL NEED IT! (ESPECIALLY WITH A RIPPED PARACHUTE!)

UP SOARS THE PLANE, HIGHER AND HIGHER, UNTIL IT IS A SMALL SPECK AMONG SPACIOUS CLOUDS. THEN—A FIGURE DETACHES ITSELF FROM THE PLANE—PLUMMETS DOWN—DOWN...

HE'S JUST FALLING!

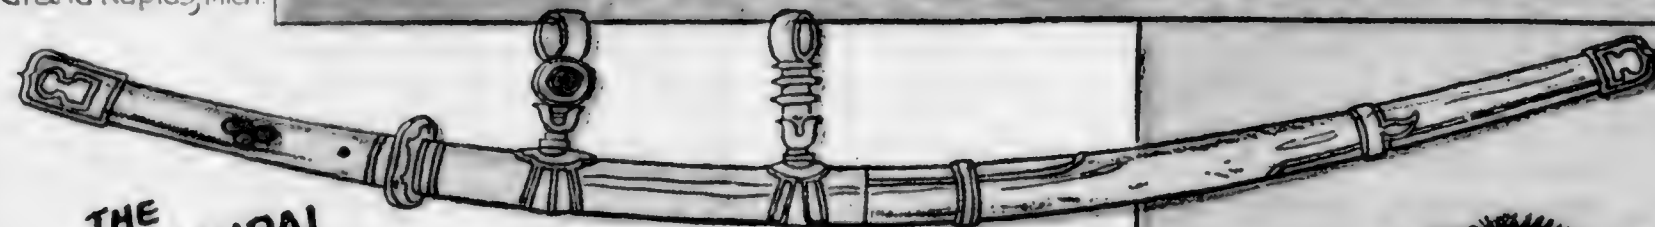

THE PARACHUTE OPENED—BUT IT DOESN'T BILLOW OUT! HE'LL BE KILLED!

(TSK! TSK! DOES EVERYTHING HAVE TO BE A JOG FOR SUPERMAN?—)

## MUCH TOO MUCH

"HEY! ICE CREAM! GET A LOT OF BUCKETS AND THIMBLES!" shouted the Dunce as he dashed up to the shoe house with his eyes fairly popping out of his tiny head. He burst into the kitchen, grabbed a thimble and emptied the boiled rice that was in it onto the floor.

"What de mattah wid yo'?" asked Gogo, who was building a fire in the tiny cook stove. "Yo' all lost yo' mind?"

"ICE CREAM! ICE CREAM!" screamed the Dunce. "I've found a big dish of ice cream. Two women were eating ice cream at one of the big houses on the lane. They left before one of the women had eaten her ice cream and we can get all we want if we hurry. Get everything that will hold ice cream and get a shovel, too—QUICK!"

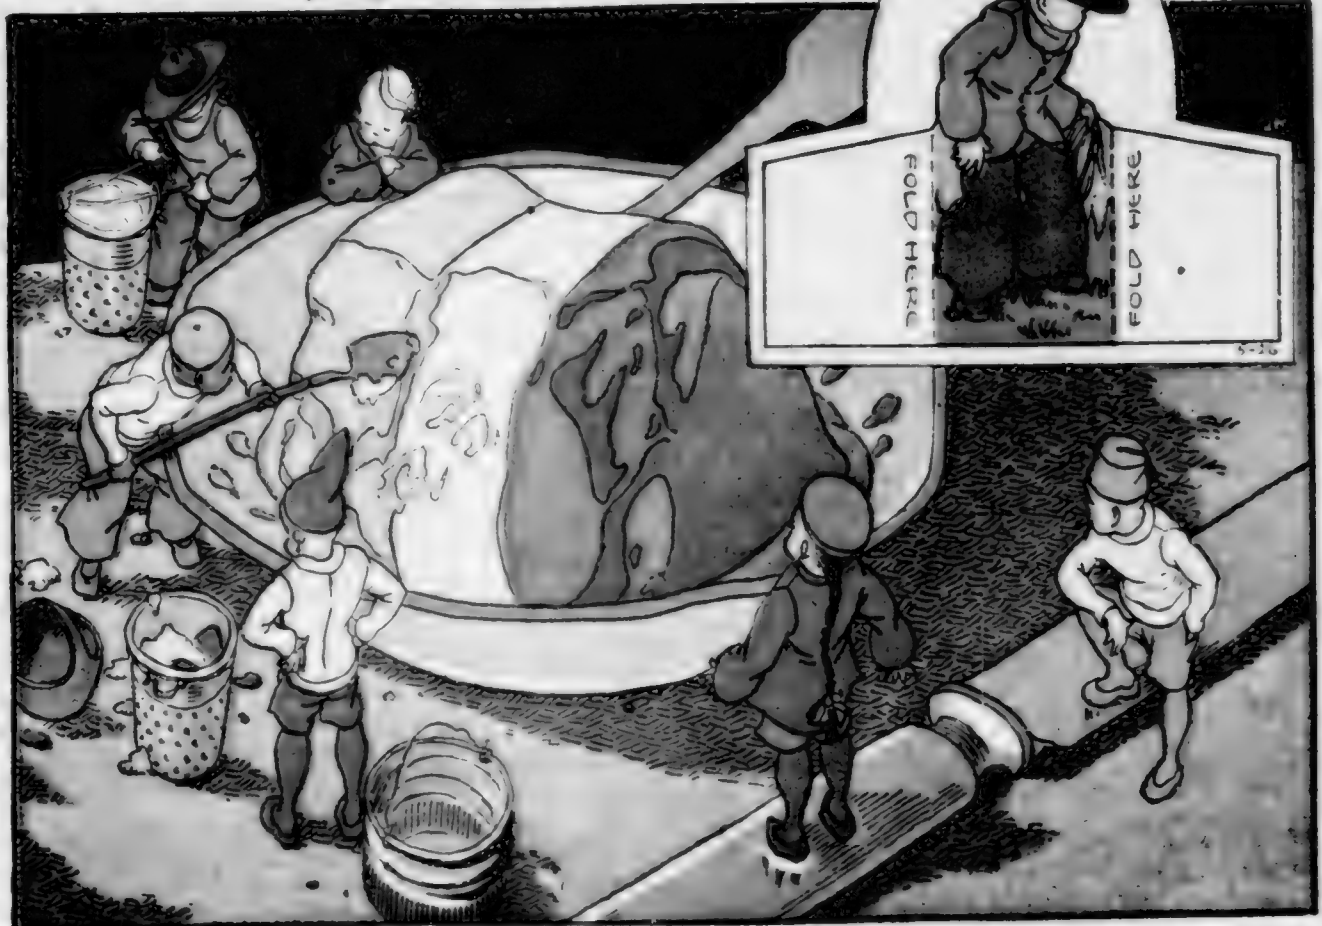

Several of the Teenie Weenies who had heard the excited Dunce's voice and had gathered about the kitchen door began hunting Teenie Weenie containers. The Sailor brought out the top of a catsup bottle which was the Cook's biggest kettle. The Chinaman found a large acorn shell basket and the Cowboy emptied the rain water thimble that stands beneath the water spout back of the kitchen.

The Dunce led the rest of the little folks up to a porch on which a table stood. "It's up there," shouted the Dunce, pointing to the top of the table.

In a few seconds the Teenie Weenies were swarming up onto the table, and Gogo, who had brought along a Teenie Weenie shovel, began filling the containers. As fast as he filled them, the Cowboy

lowered them to the floor below with his lasso.

"Get plenties of plink ice cream!" cried the Chinaman, who stood on the handle of a table knife to get a better view of the huge dish of ice cream.

"Shucks!" exclaimed the Dunce, as he watched Gogo fill the last of the containers the Teenie Weenies had brought. "We ought to get a couple more thimblefuls."

"You have more now than you'll ever eat," put in the Turk.

"Is that so?" answered the Dunce. "Why—why, I'll bet I can eat a whole thimbleful of chocolate ice cream myself."

For once the little folk had enough ice cream. In fact, they had more than they could hold, for there were two full thimblefuls left when each Teenie Weenie was stuffed to the ears with ice cream. The Cook tried to save some of what was left by making a sauce out of it for a cottage pudding, but not a single Teenie Weenie ate any of it for supper.
